

VESAMOUNT

ADJUSTABLE MOUNTING SYSTEM

The VESA Mount is a sturdy adjustable mount for products fitted with VESA mounting screws, such as the RØDECaster Pro II and RØDECaster Duo. It features a locking ball head that can rotate 360 degrees for easy manoeuvring of the device in any orientation. The mount attaches to any standard microphone stand or studio arm, and is the perfect way to position your device in a range of scenarios.

Note – not compatible with the original RØDECaster Pro.

- Suits both 100 and 75mm VESA mounts
- 360-degree ball head mount
- Easy-to-use cam to lock in any position
- Attaches to any standard microphone stand or studio arm
